The homeowners chose beautiful upgrades for this Lennar Powell model, completely finishing the house on three levels with all bump-outs. They have also poured thousands of dollars into the home since purchasing it, including the addition of a large deck, patio and built-in hot tub on the fantastic large and level yard. A deep front porch welcomes you in from which you have panoramic vistas of the Catoctins, and well inside you will be impressed by the charming built-ins in the foyer and the open floorplan with a huge kitchen that opens up and connects to the family room and morning room, all of which get great light through the row of windows in the back of the home. Yet there are still spaces providing a formal dining room as well as a study or den near the front of the home. There is also a family mudroom entrance near the kitchen coming in from the 2-car garage. Upstairs, you will enjoy four spacious bedrooms and three full baths, all of them en-suite. The primary suite has a great walk-in closet and beautifully tiled bathroom with shower, bathtub and separate commode. Bedroom 2 also has its own private bath while Bedrooms 3 and 4 are cleverly joined by a spacious Jack and Jill bath. The basement is fully finished and there is a 5th bedroom as well as 4th full bath as well as large rec room and storage area. You will absolutely fall in love with this home the moment you step inside!
